"Donate To Your Favorite Charity Every Time You Travel!"

March 13, 2007 Charity Update

FINANCIAL OVERSIGHT:

Good News!!! Our engagement letter was signed yesterday, March 12, 2007 with Dean, Dorton, and Ford PSC. DDF is the largest privately held accounting firm in the state of Kentucky. They have agreed to provide the financial oversight needed so that charities can rest assured that all monies promised them will be delivered, and in a timely fashion.

Chris Mahler is the accountant at DDF responsible for this program. Chris will review all commissions for all participating Agents on a monthly basis. Additionally, he will review the escrow checking accounts for each Agent monthly to determine not only that the correct checks we mailed, but actually cleared the account.

WEBSITE IMPROVEMENTS SCHEDULED FOR MAY 4, 2007:

It has been determined that we will have a short-term problem (for approximately 45 days) separating travel purchases on a single agents website between charities. During this period, there are several things we can do:

- 1) We will stress to ALL participants (both through our site and through information we supply you to provide to your supporters) that they ALWAYS email us when they make a travel purchase during this time. Based upon those emails, we can carefully separate the purchases between charities to accurately calculate commissions.
- 2) We will equitably distribute the balance of the 25% committed to charities (resulting from any purchases where the buyer fails to email us) by dividing that residual by the number of charities and paying an equal amount to each.

This is a short-term issue, and will only affect our first two month's donations. Given the nature of our relationship, where awareness of our partnership will be just beginning during this time frame, the actual financial impact should be negligible. As of May 4, we will have an upgrade to a very robust system that will provide us with the details of each purchase in real time as the orders are placed. Ultimate Match has assured us that this new system will allow us to identify each participating organization individually for the purposes of calculating donations to insure accuracy in deriving the donations.

If you have any questions or concerns about this transition, please feel free to email me directly or call me at 1-800-880-5751.

Thanks for your participation in our program. Since a large percentage of your supporters travel at one time or another, we hope to become one of the larger single sources of donations to your organization as awareness of our partnership grows!
